Plug & Play

No more switch! Just plug the machine in and start generating water.

Automatic Cleaning

Water drains for 10 seconds after 10 minutes of use

Auto On/Off

The smart Kangen® shuts down on it's own to conserve energy

Smart Filter Technology

Let your machine tell you when it's time to change filters

A Leveluk SD501 water purifier is shown on a white kitchen countertop. The device has a black front panel with a digital display and several buttons. In the background, there are white kitchen cabinets with glass doors, a sink with a faucet, and a window with light-colored blinds. The overall scene is bright and clean.
